

### Beatson's Mull Rally 2019 – planning has started

You may have seen the article in Motorsport News about the Scottish Government's consultation process about motorsport on closed roads. The Bill has now been laid before Parliament. We now have to wait until that process closes and with the article quoting '98% support' for the legislation, we look forward to a positive result.

In the hope that a decision, in parallel with the English and Welsh Governments, to allow closed road events will be announced, we have been working in the background to build a plan which will mean we can return to stage rallying in October 2019 on the famous Mull tarmac.

We recognise the constraints about the date will impact support with the proximity to Wales Rally GB, sadly there is nothing we can do about this.

We have taken steps to contact prospective Stage Commanders and we will need marshals, rescue, recovery, timekeepers and the myriad of people we will need to bring stage rallying back to Mull. With that in mind please could you let us know your availability to help and where possible start making plans for travel and accommodation for 11-13 October. If you've worked with a team before, get in touch with your friends and colleagues to spread the word that we plan to be back!!!!
